

# WHAT IS CONSIDERED A PROFESSIONAL CAMERA? WHAT CAMERAS ARE OK?

Professional cameras, including but not limited to DSLRs, bridge cameras (fixed telescoping lenses), devices with detachable lenses, or equipment with advanced image or video capture capabilities, are **not allowed**.

Non-Professional cameras such as film photo cameras (analog photography), disposable, point-and-shoot, cell phones or instant print, like Polaroids, are **OK**.

**Any camera can be refused at security discretion upon entry.**

## CAMERA EXAMPLES

Below are some visual examples of what's allowed and not

### PROFESSIONAL NOT ALLOWED

DSLR with interchangeable lenses, bridge cameras

### NON-PRO ALLOWED

Instant, film, digital point-and-shoot, cell phones
